https://www.des.nh.gov/organization/divisions/water/dwgb/dwspp/lswp_grants.htm

Contact for more information: Bess Morrison, LSWPGP manager at Bess.Morrison@des.nh.gov

The NHDES Local Source Water Protection Grant Program (LSWPGP) has just released its 2021 grant application and provides up to \$20,000 per grant project (annually) to protect drinking water resources. Specifically, grant money is available to develop and implement programs to protect existing (active or planned) sources of public drinking water. The application deadline is November 2, 2020.

Activities that protect source water, conducted under US EPA's Small Municipal Separate Storm Sewer System (MS4) permit, including identification, monitoring and elimination of illicit discharges, particularly high priority outfalls that discharge to drinking water sources or within source protection areas, conducting public education and the design/installation of structural BMPs may be eligible, provided they meet the eligibility criteria as described in Section 6 of NHDES grant application. Routine operations/maintenance activities are not eligible.

Upcoming meeting dates for 2020 – Mark your calendars! Following are the dates for 2020 and topics that are proposed. Please note that topics may change dependent on priorities identified during the year.

2020 Meeting Dates

September 10th: Year 2 Annual Report, Hot Spot Mapping, Winter maintenance requirements, MCM #1 matrix & SOPs

October 8th: DWGW Local Source Water Protection Grant

November 12th:

December 10th:

Please email potential agenda items and/or presentations to Deb Loiselle at deborah.loiselle@des.nh.gov. These will be considered for upcoming meetings and very helpful in the development of the monthly agendas.

9. **Sign-in Sheet** – Your names will be documented during roll call.
